

CHAPTER 13

SECTION 4.6

PAYMENT LEVELS FOR ADJUSTMENTS

Issue Date: August 27, 1985

Authority: [32 CFR 199.14\(h\)](#)

I. ISSUE

What profiles are to be used for adjustments?

II. POLICY

The profile in effect on the date of service is to be used to determine the allowable charge for the adjustment. If that profile predates the profiles on the contractor's system, the contractor is to use the earliest profile on its system. Only those line items in question are to be adjusted--not the entire claim.
